## PROJECTS

### SalonSync Solutions App

*HTML, CSS, JavaScript, ReactJS, MySQL, Express, Node.js.*

- Developed a full-stack salon web application where customer and admin can register and login on the app, facilitating a versatile platform experience.
- Enabled customers to book appointments online and provided facility to make payments online as well as offline.
- Covering data authentication and authorization features using JSON Web Token and bcrypt hashing.
- Implemented admin panel for managing services, customer data, and transactions.

### Freelance App

*HTML, CSS, JavaScript, React.js, Express.js, Node.js, MongoDB.*

- Users can register as both buyers and sellers on the app, facilitating a versatile platform experience.
- Sellers have the power to create, edit, and delete Gigs to showcase their services effectively.
- The app includes a robust messaging system that enables direct interaction between buyers and sellers for seamless negotiation.
- Users can leave reviews, 'Like' helpful feedback, and securely purchase services through a user-friendly interface.

## CERTIFICATION

🔗 React And Redux Completion Certificate
